§ 17.101

BREAKING APPOINTMENTS

§ 17.100 Refusal of treatment by unnecessarily breaking appointments.

A patient under medical treatment who breaks an appointment without a reasonable excuse will be informed that breaking an additional appointment will be deemed to be a refusal to accept VA treatment. If such a patient fails to keep a second appointment, without at least 24 hours notice, such action will be deemed as a refusal to accept VA treatment. Thereafter, no further treatment will be furnished until the veteran has agreed to cooperate by keeping appointments. Treatment will not be discontinued until the treating physician has reviewed the treatment files, concurred in the action and signed a statement to this effect in the record. Consideration will be given to the veteran's ability to make a rational decision concerning the need for medical care and/or examination. The veteran will be advised of the final decision. Nothing in this section will be construed to prevent treatment for an emergent condition that may arise during or subsequent to this action. Where an appointment is broken without notice and satisfactory reasons are advanced for breaking the appointment and circumstances were such that notice could not be given, the patient will not be deemed to have refused treatment.

CHARGES, WAIVERS, AND COLLECTIONS

§ 17.101 Collection or recovery by VA for medical care or services provided or furnished to a veteran for a nonservice-connected disability.

(a)(1) *General.* This section covers collection or recovery by VA, under 38 U.S.C. 1729, for medical care or services provided or furnished to a veteran:

(i) For a nonservice-connected disability for which the veteran is entitled to care (or the payment of expenses of care) under a health plan contract;

(ii) For a nonservice-connected disability incurred incident to the vet-

eran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or

(iii) For a nonservice-connected disability incurred as a result of a motor vehicle accident in a State that requires automobile accident reparations insurance.

(2) *Methodologies.* Based on the methodologies set forth in this section, the charges billed will include the following types of charges, as appropriate: Acute inpatient facility charges; skilled nursing facility/sub-acute inpatient facility charges; partial hospitalization facility charges; outpatient facility charges; physician and other professional charges, including professional charges for anesthesia services and dental services; pathology and laboratory charges; observation care facility charges; ambulance and other emergency transportation charges; and charges for durable medical equipment, drugs, injectables, and other medical services, items, and supplies identified by HCPCS Level II codes. In addition, the charges billed for prescription drugs not administered during treatment will be the amount determined under paragraph (m) of this section. Data for calculating actual charge amounts based on the methodologies set forth in this section will either be published in a notice in the FEDERAL REGISTER or will be posted on the Internet site of the Veterans Health Administration Chief Business Office, currently at <http://www.va.gov/cbo>, under "Charge Data." For care for which VA has established a charge, VA will bill using its most recent published or posted charge. For care for which VA has not established a charge, VA will bill according to the methodology set forth in paragraph (a)(8) of this section.

(3) *Data sources.* In this section, data sources are identified by name. The specific editions of these data sources used to calculate actual charge amounts, and information on where these data sources may be obtained, will be presented along with the data for calculating actual charge amounts, either in notices in the FEDERAL REGISTER or on the Internet site of the Veterans Health Administration Chief
